The sky is filled with heavy, dark clouds, with a bright, glowing light source breaking through near the horizon, creating a fiery red and orange glow that reflects on the dark, choppy water below. A full-page background image of a desert landscape. In the foreground and middle ground, there are rolling sand dunes with distinct, rhythmic ripples in the sand, likely created by wind. The dunes are bathed in the warm, golden light of a low sun, which is visible as a bright orb on the horizon in the upper left. The sky is a gradient of soft orange and yellow. The overall mood is serene and majestic.
